

## STOP! CALOMEL IS QUICKSILVER

It's Mercury! Attacks the Bones, Salivates and Makes You Sick.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of DODSON'S Liver Tonic—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate. Children and grown folks can take DODSON'S Liver Tonic, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of DODSON'S Liver Tonic. You will wake up feeling strong and more vigorous, constipation, sluggishness, headache, constipation, tongue or sour stomach. Your druggist says if you don't find DODSON'S Liver Tonic acts better than horrid calomel your money is waiting for you.

### To Investigate Election Frauds.

Washington, Oct. 25.—So many reports of election frauds in the middle west have reached the department of justice that Attorney General Gregory today appointed Frank C. Bailey of Indianapolis, former United States district attorney for Indiana, as special agent in charge of investigations and prosecutions of election law violations in Indiana, Ohio and Illinois.

### GONE FOR GOOD

Results That Last Are What Appeal to Albuquerque People.

Kidney sufferers in Albuquerque want more than temporary relief. They want results that last. Results like Mrs. Fournelle tell about. Her's was a thorough test. Nine years is a long time. Fourteen kidneys pills have stood the test and stood it well. Why experiment with an untried medicine? People here in Albuquerque have found the way. Read Mrs. Fournelle's story: Mrs. E. Fournelle, 401 South Broadway, Albuquerque, says: "Three boxes of Dean's Kidney Pills cured me of pain in my back that had troubled me for many years. I was also relieved of rheumatic pains." (Statement given Jan. 30, 1907.) On May 26, 1912, Mrs. Fournelle said: "Dean's Kidney Pills have cured me and I have had no occasion to use them since giving my former endorsement." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Fournelle has twice publicly recommended. Foster-McBurn Co., Props., Buffalo, N. Y.

## MORA COUNTY IS NEXT IN LINE FOR AGRICULTURIST

Commissioners Asked to Appropriate Sufficient Money to Supply an Expert; Resolution Passed Favoring Work

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) State College, N. M., Oct. 25.—New Mexico may soon have county agents in nine counties out of the twenty-six in the state. Mora county, which adjoins San Miguel county, is out after a county agriculturist, with good prospects for landing one. The Mora county commissioners were interviewed recently by a strong committee of business men of Las Vegas, headed by County Agent M. R. Gonzales of San Miguel, for the purpose of having them adopt a resolution looking toward the employment of an agent. The committee took favorable action, with a view to opening up negotiations with the extension service of the New Mexico College of Agriculture.

Mora county offers wonderful opportunities for the introduction of modern agricultural methods. The county has countless acres of splendid agricultural lands. Even with sloped methods of farming the results have been more than worth while.

In the event Mora county signs up for a county agent, there will be a total of nine counties giving serious attention to agriculture. The counties now having experts furnished jointly by the county and department of agriculture of the United States government, through the Agricultural College, are as follows: Bernalillo, Chaves, Colfax, Dona Ana, Eddy, San Miguel, Torrance and Union.

Mr. George E. Ladd, president of the Agricultural college, hopes that within the next year or two every county in the state with agricultural possibilities will have a trained man working to promote the development of the land and to better the condition of the farmers, ranch owners, fruit growers, sheep and cattle raisers. In counties like Valencia, Socorro and McKinley, it is planned to have men employed as county agents who will be equipped with knowledge to offer help to sheep and cattle men as well as the average farmer.

The crowd of the county agent and those who are interested in county agent work, is splendidly summed up in a circular distributed in San Miguel county by M. R. Gonzales, the agriculturist in that county, who has gained a statewide reputation because of the many times he has accompanied the farmers during the last year. The circular follows:

We believe in demonstration work. We believe in the cow, the hog and the hen.

We believe in commercial club and county agent work.

We believe that corn is one of our best crops and should go to the silo and then to the "box."

We believe that men should drive

their crops to market on four legs and not on four wheels.

We believe all men should plant a cash crop every year. New Mexico grows beans, wheat or chile are good cash crops.

We believe in deep plowing, in the preservation of soil moisture, in the selection of good seeds, and in thorough cultivation.

We believe the following to be our best forage crops: Alfalfa, corn, oats, peas, barley, sudan grass, the sorghums and the millets.

We believe the boys of today will be the farmers of tomorrow. We believe in helping them by providing pure-bred hogs, well bred dogs, and good seeds for them.

We believe in the improvement of live stock, and to begin with, the county agent has been provided with a fund of \$100 with which to buy pure bred hogs for farmers belonging to the Men's Pig club of San Miguel county.

We believe in helping our farmers to secure good seed by importing it and selling it at cost. We imported 7,226 bushels of good seed into our county last year, and 25 farmers were benefited by it; we will import more and others will have good seeds to raise good crops.

We believe that by co-operation the commercial class, the county commissioners, the merchants, the lawyers, the doctors, the priests, the ministers, the schools, the farmers, and the county agents, we will develop a country life which will be wholesome, attractive, cultured, efficient and profitable. "Let San Miguel county grow."

### REPUBLICANS RECEIVE \$387,163 CONTRIBUTIONS

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Chicago, Oct. 25.—Fred W. Eppman, treasurer of the western republican headquarters, announced that he had received a total of \$387,163.96 in campaign contributions up to the close of business Saturday, October 21, and that this sum had been expended in the western department, which includes the territory between the west line of Ohio and the Pacific coast. He has forwarded to the chief of the house of representatives at Washington a detailed account of the receipts and expenditures, as required by law. He will make another report just before election day and a final statement within ten days after election. Eight years ago a total of \$448,000 was collected and expended in the republican campaign in the western territory.

### 1,583,003 BALE INCREASE GINNING THIS YEAR

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, Oct. 25.—Cotton ginned prior to October 18 was 7,291,733 bales, compared with 5,708,730 for 1915 and 7,619,747 for 1914, the census bureau today announced. Round bales included were 132,659 and Sea Island 64,321.

Texas ginned 2,445,440 bales, against 2,001,416 to the same date in 1915.

Arrested on White Slave Charge. Santa Fe, Oct. 25.—Miguel Alvarez has been arrested by Deputy U. S. Marshall Fred Delgado on the charge of violating the Mann white slave act by bringing 15-year-old Magie Hernandez from El Paso to Deming. He also lodged in jail at Deming. Vernon Williams, charged with having killed a girl friend at Fort Bayard, Atlatlap, Frank Marquez was arrested for selling liquor in Arizona.

## GERMAN ARMEN MAKE 500 RAIDS ON SOMME FRONT

On October 22, 209 Aerial Fights Took Place Between Teutons and Anglo-French Flyers.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Berlin, Oct. 25 (via Wireless to Saxville).—German aeroplanes on the Somme front made more than 500 raids on the Anglo-French positions, October 22, says the Overseas News agency. There were 209 aerial fights between German airmen and entente allied flyers on this day, and according to the news agency, it is stated with certainty that in the Somme sector alone more than sixteen entente aeroplanes were shot down. In addition to a number of hostile aeroplanes were forced to land behind the Anglo-French lines.

"Of the aeroplanes shot down on October 22, eleven are in German possession. The German flyers attacked with bombs and machine guns, troop camps and marching columns, while others, trying long directed their machine gun fire on hostile trenches. "On the night of October 20-21, German air squadrons dropped several thousand kilograms of bombs on the railway station of Longueval, near Amiens, south on ammunition depots at Cres and Meriville, and on Camp Gray, on the Somme. The railroad station at Longueval was ignited and exploded, apparently from ammunition trains, followed. A huge fire was visible for a long time.

"On the night of October 21-22, German aeroplanes dropped several thousand kilograms of bombs upon the railroad station of Maubailleur, with strong effect on camp at Chilleulles, Harbomieres and Preval and upon troops marching to the front."

### CARDINAL PRAYS TO ALLIES GUARDIAN ANGELS

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Amsterdam, Oct. 25 (via London).—The Deutsche Tages Zeitung, of Berlin, announces that Cardinal Mercier, primate of Belgium, has issued a new pastoral letter, in which he speaks of the "buthenies" in Armenia, and prays to the guardian angels of the entente allies. The cardinal says that owing to the information of these angels with God, the independence of Belgium is no longer doubtful. The newspaper also gives the following quotation from the letter: "We include in our prayer above all unhappy Poland, which by a German order can no longer be fed by America." The newspaper demands suppression of "such machinations."

Civil War General Dies. Brookline, Mass., Oct. 25.—Brig. Gen John McKew Hyde, U. S. A., retired, died at his home here today in his seventy-fifth year. His civil war career was notable and he was a member of the expedition to survey the Northern Pacific railway in 1872.

## FRANCE REJOICES OVER VICTORY ON VERDUN FRONT

German Front on Right Bank of Meuse Is Suddenly Swept Away by Impetuous Attack of Joffre's Men.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Paris, Oct. 25.—Verdun, long lost seat of spring suddenly and unexpectedly today into the forefront of the public mind, which exclusively had been directed towards the battle on the Somme front. The German front on the right bank of the Meuse literally was swept away for a distance of four and a half miles like straw before the wind.

General Nivelle, for weeks past, had been watching the German movements like a lynx. When he judged the Germans had thinned their defenses to the danger point, he struck like lightning. The result was one of the most brilliant operations of the campaign.

The Germans who yesterday were pressing close on the inner line of defense at Forts Goulette and Tancourt, have now been driven beyond the outer defenses of the Fort Douaumont-Vaux line. Vaux fort remains in the possession of the Germans, but the French line extends beyond it on the north at Vaux village and Fumain wood and also on the south of it at Dampier battery and Cheneval wood, from both of which positions it can readily be attacked.

The French artillery preparation was brief but intense and was over before the German commanders had time to bring up reinforcements.

French losses were very light, it is believed, even lighter than any recorded in the attacks on the Somme front.

News of the success has caused tremendous public enthusiasm here.

### See Government for \$127,000.

London, Oct. 25.—Suit for \$127,000 damages was filed in the federal court today against the United States government by the owners of the barentine Mabel L. Meyers, which was sunk in a collision with the battleship Nebraska off Cape Cod on July 26, 1915. A special act of congress enabled the owners of the vessel to bring suit for recovery.

### Five of Norwegian's Crew Americans.

Portland, Maine, Oct. 25.—Five members of the crew of the Norwegian steamer Snesled, the sinking of which was reported in London dispatches last night, were Americans, shipped here when the vessel left for Rotterdam on September 2 with 125,000 bushels of wheat for the Belgian relief commission. The crew was saved.

Russell; probate judge, Bonifacio Montoya; superintendent of schools, Rafael Romero; surveyor, John K. Burke.

### A Great Discovery

Swollen hands, ankles, feet are due to a dropical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts, the pains and stiffness rapidly disappear.

The very best possible way to take care of yourself is to take a glass of hot water before meals and "Anuric," the discovery of Dr. Pierce of Buffalo, N. Y.

Step into any drug store and ask for a 50c. package of "Anuric," which is many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you.
